

Fiber Cabel Tester (for SC Type)

[FT-8684]

Features :

- The portable design is easy to carry and operation
- Low-cost multi-function is more economical
- The multiple LEDs display a clear indication
- Power saving automatically and Battery low indication
- Power : 9-Volt Battery

Specifications :

- Peak Wavelength : 1300 nM
- Fiber Core : 62.5 / 125 u
- Readout Range : -20dBm to -40dBm
- Readout Resolution : 1dBm
- Size: 105 X 58.8 X 26 mm
- Weight: 134g (with batter)

dBm to micro Watt conversion:

-20dBm = 10 micro Watt

-21dBm = 7.9 micro Watt

-22dBm = 6.3 micro Watt

-23dBm = 5.0 micro Watt

-24dBm = 4.0 micro Watt
